Motion 1

To consider a notice of motion proposed by Councillor Lauren Mitchell and seconded by Councillor Jim Aspinall, as follows:-

“This council notes:

- 1 in 4 people will experience a mental health problem in any given year.
- The World Health Organisation predicts that depression will be the second most common health condition worldwide by 2020.
- Mental ill health costs some £105 billion each year in England alone.
- People with a severe mental illness die up to 20 years younger than their peers in the UK.
- There is often a circular relationship between mental health and issues such as housing, employment, family problems or debt.

This council believes:

- As a local authority we have a crucial role to play in improving the mental health of everyone in our community and tackling some of the widest and most entrenched inequalities in health.
- Mental health should be a priority across all the local authority's areas of responsibility, including housing, community safety and planning.
- All councillors, whether members of the Executive or Scrutiny and in our community and casework roles, can play a positive role in championing mental health on an individual and strategic basis.

This council resolves:

- To sign the Local Authorities' Mental Health Challenge run by Centre for Mental Health, Mental Health Foundation, Mental Health Providers Forum, Mind, Rethink Mental Illness, Royal College of Psychiatrists and YoungMinds.
- We commit to appoint an elected member as 'mental health champion' across the council.
- We will seek to identify a member of staff within the council to act as 'lead officer' for mental health.
- The council will also:
- Support positive mental health in our community, including in local schools, neighbourhoods and workplaces.
- Work to reduce inequalities in mental health in our community.

- Work with local partners to offer effective support for people with mental health needs.
- Tackle discrimination on the grounds of mental health in our community.
- Proactively listen to people of all ages and backgrounds about what they need for better mental health.”
