Purpose Of Report

This report presents to Cabinet the Year End 2016/17 outturn for the Place and Corporate performance scorecards, which are aligned with the Corporate Priorities.

Recommendation(s)

- For Cabinet to consider the Place scorecard position at year end 2016/17
- For Cabinet to consider and proactively review the levels of performance achieved against the Corporate Scorecard as at year end 2016/17 in order to facilitate delivery of the Corporate Plan and improved performance of the organisation.

Reasons For Recommendation(s)

The Council’s ambitions for the next three years are clearly identified in the Corporate Priorities which are presented in the Corporate Plan 2016 - 2019. In March 2016 Cabinet agreed the use of a balanced scorecard methodology to enhance the organisation's performance framework and ability to understand how successfully the new Corporate Priorities are being delivered, the new approach providing a more rounded view on performance with a greater emphasis on customer satisfaction and quality.

The Place Scorecard and Corporate Scorecard have previously been agreed by Cabinet.

Performance outturn for the Place Scorecard and Corporate Scorecard will be monitored and managed at CLT, Cabinet and Scrutiny. Through the new corporate project management framework, any relevant Place and Corporate scorecard measures will be monitored and measured by the respective Priority Theme Boards and Programme Boards. Additionally Place indicators will be used to promote activity amongst partner agencies including the Police, Health and Education. The Council is increasing working in partnership and through co-location and integration to get joined up action on key issues.
Alternative Options Considered (With Reasons Why Not Adopted)

Detailed Information

The Corporate Plan 2016-2019 sets out our priorities for the future and the key projects and initiatives we intend to deliver.

The corporate plan sits above a wider strategic context which includes the Corporate Project Management Framework, Corporate Performance Indicators and a range of strategic documents relating to the organisation and its services. Implementation of the Corporate Plan will therefore be achieved through:

• Programme management – Delivery of similar projects under a priority theme
• Project Management Framework – Delivery of all projects
• Service Plans – annual review of each service in respect of added value improvement activity/ projects and service performance
• Service Reviews – rolling programme of reviews including targeted ICT/ digital transformation projects to inform the Savings Strategy
• Commercialisation reviews – targeted approach through the developing commercialism framework
• People Strategy – Culture and strategy
• Revised Performance Management Framework – developed balanced scorecard approach.

Ashfield Performance Scorecards

The revised performance framework now incorporates balanced performance scorecards on three separate levels as indicated below.

Ashfield’s Place Scorecard

The ‘Place’ scorecard aligns directly with each of the outward facing corporate priorities, with each balanced scorecard perspective represented by a corporate priority and focussed on ‘outcomes’. The Place scorecard is designed to help the Council monitor Ashfield as a place and includes a range of indicators for which the Council has no direct control. That said the
Council is keen to promote joint ownership of these issues amongst the public, private and community sector thereby helping to ensure Ashfield residents quality of life is improved and inequalities are reduced.

**Ashfield’s Corporate Scorecard**

The corporate scorecard structure will be the means of measuring organisational performance, and as such typical perspectives of a balanced scorecard have been adopted. The diagram below shows the proposed perspectives, and ‘themes’ within each of these perspectives, against which organisational performance measures have been identified:

<table>
